

# QUESTION 10: PROPOSE A SOLUTION

Directions:

In this part of the test, you will be presented with a problem and asked to propose a solution. You will have 30 seconds to prepare. Then you will have 60 seconds to speak. In your response, be sure to show that you recognize the problem, and propose a way of dealing with the problem.

Hello, I am Theodore McLaughlin. I read the announcement posted on the bulletin board today regarding the cancellation of the course Descriptive Linguistic in the morning and transferred it to the evening schedule. Unfortunately, I have a night shift work time that is obviously conflicting. However, many of the students who enrolled in that course share the same predicament. Since, this is a block section, I think majority of us would appreciate it, if you could just retain the morning schedule of classes. This is the only subject I need to finish this summer to accomplish all the academic requirements for my graduation. Please leave me your feedback with the number 234-6789. I appreciate your help a lot.
