Taste buds are on your

taste each kind of \_\_\_\_\_.

Taste buds tell you that ice cream is  
sweet, potato chips are salty, lemons  
are sour, and some dark chocolate is  
bitter.

Your sense of \_\_\_\_\_ is  
important, too. It helps you taste..

Try this. Drink a glass of apple juice. It  
will taste sweet. Then

\_\_\_\_\_ your nose closed.

Drink some more juice. Now you can't  
taste it because you can't smell it.
