A vibrant underwater scene featuring a diverse coral reef. The water is a deep, clear blue. In the foreground, there are large, colorful coral structures in shades of purple, pink, and green. Several small, colorful fish, including clownfish and other reef species, are swimming around the coral. The overall atmosphere is bright and lively, typical of a healthy marine ecosystem.

LIVING
AND
NON-
LIVING
THINGS

* Having life; alive.

NON-LIVING THINGS

* Non-living things cannot reproduce. They do not need Air, Water and Food.

circle
